Dear Readers,

Little children are like flowers in a garden
Ready and raw to sharpen

Their smiles spread like a rainbow
Like the ripples of a river, their thoughts flow

Their eyes bright like the stars of the night
Waiting to soar into the sky with a fiery light

"Catch them young" says a proverb. Young minds are like wet paint and every imprint created will last a lifetime. It is easy to mould, train and shape them while they are growing, so that they develop into fruitful citizens of the society bearing much fruit. Children have to be educated, but they also have to left to educate themselves.

"Success comes in Cans
Failures comes in cant's"

So let us teach all our children to stay positive in all situations and face life happily. Shalom to all.

Dear All,
 The school is not only a place for learning
 But a platform to develop critical and creative thinking

Students need to strive for lifelong productivity
 To face the challenges of the ever-changing global society

True character encompasses the capacity for self-discipline
 This changes one's heart, mind and soul from within

To every parent, your child has successes to share
 And disappointments that we need to care

Let us together, create a creed
 To be honest and committed in word and deed

To all students, achieve your goal by walking an extra mile
 Face life's struggles and failures with a smile

Education is all about gaining knowledge, acquiring skills
 and moulding one's character to become a transformed
 person to create a better society.

Let us pray for peace to prevail on Earth. Shalom to all.

MATHE MAGIC

Primary students had a great time learning maths the fun way. They had activities like modeling, trading, table master, fancy dress and of course the highlight of being a part of the math mega quiz..

"The aim of education is the knowledge not of facts but of value" - Aristotle
In a world where success is important, our school focuses on teaching children, values which will shape their character and their future success. Every month, a value such as Be Hardworking, Be Honest, Be humble, etc. is used as a theme for the children to do role plays and demonstration in the assembly. The children are encouraged to practice these values in classrooms and at home, thus bringing a wholesome education to our community.

BE VALUE

KINDERGARTEN

KG students celebrated 'Pink Day' to rejoice the goodness of life and make them happy. Pink signifies respect, kindness, love and sympathy. Tiny tots like butterflies in pink made the campus beautiful.
